

Cântec din Chioar
A song from Chioar

Rough translation

Damn you, the feeling of longing!
I wish I had an axe to kill you
I wish I had a hatchet to cut you into
pieces,
So that you wouldn't hurt me anymore
And damn you, my sweetheart,
Because you take me by the hand
And lead me to hell

No matter how many feelings of longing
There might be on earth,
None is as sweet as yours
Whenever I miss you, I stop and laugh
And start to cry
Damn you, vows, as I can't keep my word

Whoever I love is not unpleasant to me
As hideous as they may be.
